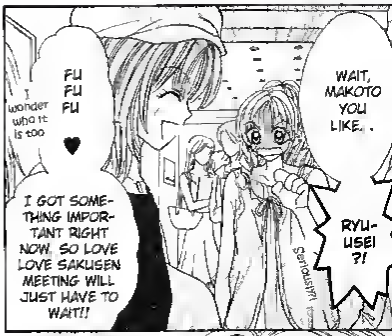
This is dZ, your ever-faithful translator (yah right!) And this is dZ saying 'ello all ya manga-hungry readers out there~!

So, the school year has started yet again in America, and I am already lacking some sleep. Sort of. I just calculated and I get a healthy 8 hours of sleep every night. But knowing me, myself, and I, all 3 of us need 12 hours of sleep, 'cause you know us individually, we only get 4 hours each.. Which brings me to another point. These days, especially right now, I feel down right.. what's the word? "Giddy". Which, if you want, can be made interchangeable with "plain outright stupid". And I am blabbing on about weird things that have no relation to anything, like that lame me myself and I joke. And my sarcasm has left me. All I'm left with is dry boring cuss words. Where has my wit gone???



I wonder who it is too
FU FU FU
I GOT SOMETHING IMPORTANT RIGHT NOW. SO LOVE LOVE SAKUSEN MEETING WILL JUST HAVE TO WAIT!!

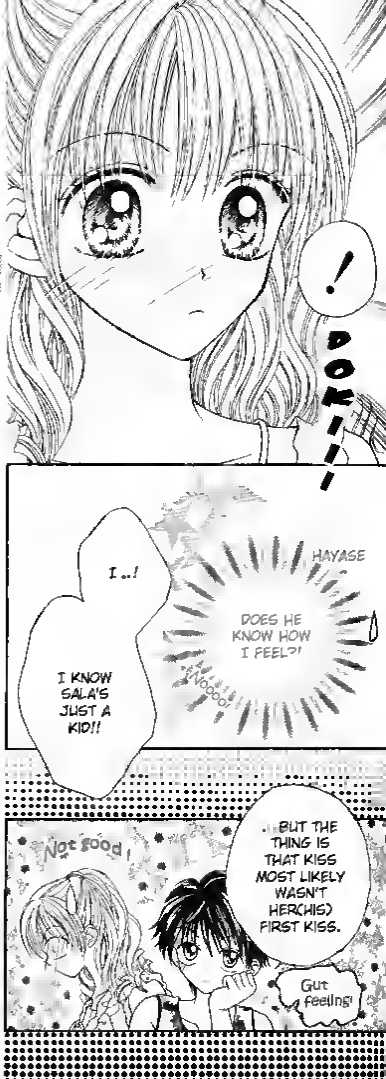
ITS JUST AN ACT.

Homework. Don't we just love 'em all? Of course, those of you that are already done with the dreary learning days are looking at me with eyes of pity, but you manga-reading teens and college go-ers, you understand what I'm saying.

And here I am, writing a free talk (which is, by the way, just f**cking awesome 'cause I feel like a real manga artist) procrastinating all the way. There's no matter that it's a Thursday night and I got AP's going on (although I only got two; the ever-popular Calc AP and somehow-makes-it-onto-transcripts Euro AP), but I am procrastinating nonetheless.

Yup kiddos, those of you pre-teens that wonder around the realm of manga, that is the way the homework system works. Procrastinate yourself senseless. Although, just be sensible enough not to procrastinate on big projects. Like my idiot friends who choose time and again to procrastinate 'til the last day and pull an all-nighter. 'Cause trust me, all-nighters ain't pretty. Well, once you see the pretty delusional colors they are, but...that's not the point =)



BUT SHE/HE CRIED ON THE FIRST TAKE.
EVEN WITH THAT RED HAIR, ON THE INSIDE SHE'S STILL QUITE SHY.
How innocent.
HUH?
GAYA GAYA
...HAYASE SEEMS TO LIKE SALA A LOT...
I'M TIRED OF HEARING ABOUT SALA.
SEE YA.
RRR...
Hey
WHAT'S UP.
...
RRR

See, I swear there was going to be a topic here. I had it all planned out. Of course, being the idiot I am, I didn't write it down. Trust me and my brain.

So now, I'll just talk about a random topic, like UFO catchers, 'cause I just spotted my bear Patches. I have no idea what UFO catchers are called in the U.S. In Japan, they call it UFO catchers.

Seriously. Exactly the same words, just with an accent. If you have no idea what that it is, it's the thing you see in arcades, with all those stuffed animals staring out at ya from a big glass box. And then you get that big ugly metal claw that is merciless and will drop your catch 90% of the time.

Yah, those things. I love those things. I'm like pro. Well, not really. My success rate is 50%. I'm not joking. Out of 4 tries, I got 3 teddy bears. Well, one of them was like a sheep with a demented head, but the other two were bears. The sheep I gave to my friend (cause it was her money), and the other I gave my little sister, and Patches I kept for myself. Of course, I've caught more before, but they all went to my little sister. Which makes me think, if I was a guy, I'd make a great boyfriend.

HAYASE ...
IS YOUR HEAD FUCKING OK?!
BACK TO BACK

*URAASHIMA TAROU IS A KIND FISHERMAN IN A JAPANESE FABLE. HE RESCUED A TURTLE THAT WAS BEING BULLIED BY LITTLE KIDS, AND AS A THANKS, THE TURTLE TOOK HIM TO A PALACE UNDER THE SEA. AFTER A WHILE, HE WANTED TO GO BACK HOME, SO HE WAS GIVEN A BOX, THE TAMATE BOX, AND WAS TOLD NOT TO OPEN IT BUT... WHEN HE GETS BACK, HE FINDS THAT MAN YEARS HAVE PASSED AND EVERYONE HE KNEW HAD ALREADY DIED. THEN, HE REALIZES HE STILL HAD THE BOX, AND OUT OF CURIOSITY, OPENED IT. WHEN HE OPENED IT, THE TAMATE BOX TURNS HIM INTO AN OLD MAN. WHITE HAIR AND BEARD AND ALL. SO THE REFERENCE IS A JOKE ABOUT HAYASE TURNING COMPLETELY WHITE. =D

Konchiwa~ This be dZ. And this column's topic is... drumroll... the Japanese language! Well, to some extent, at least.

The Japanese have a habit of shortening words. And I mean shortening it. Konchiwa actually means konnichiwa, for those who didn't figure it out. I think there's some other shortened version floating around that's like 'koni' or something but I'm not quite sure. There's also 'ohha' which is just a short for 'ohayou' (morning). And then there's 'paso-con' for 'paason-alu conputa' (aka the comp). There's 'laji-con' for 'lajio contoro-oru' those remote controlled air-planes and stuff. Kodocha is of course 'Kodomo no Omocha' which, if you don't know it, shame on you! 'MunTere' is actually 'Minna no Terebi' a show on the Japanese TV that literally translates to "Everybody's TV". And how many of you know MatsuJun? That's right, it's Matsumoto Jun, member of Arashi, who has acted in dramas like Gokusen, Kimi wa Petto and Kindaichi.

There's loooots more and they're really awesome.

SO COLD.
I THOUGHT YOUR HAND WAS SHAKING TOO MUCH.

My spelling is absolutely horrible. They were like impeccable when I was in 5th grade or something, but now they're just absolutely horrible. I mean, in the 5th grade, I almost went to the spelling bee. There were like 3 people left and suddenly the sub pops in "spell conquerlod". Ok, conquer. No prob. C-o-n-q-u-e-r. Bzzzz. Wrong. What?! It's RIGHT! No dear conqueror. What? Not woman, when you said it the first time, I barely effing heard it! Now you stress it? Well, of course, I was 10, so I didn't cuss, but you can guess how pissed I was. So now a-days, I can't spell shit. I spell shit with a g, and if it wasn't the spell catcher catching it, I would go on with spelling it "shyt". Hell, I can't even spell that thing you use to hit the tennis ball. For the longest time, I thought it was spelt "racquette". Pretty sad. But no, it wasn't from trauma. It was from the modern technology also known as AIM. I love my AIM. It's like a phone except it's eavesdropping-proof. So I go on and spell "that" with a d, and through as "thru" and "like" with a y that looks like this "lyk". AIM is a killer that saved my life.

I love PurKura. All those squarey pictures on a sticker whoever invented them was a genius. I mean, it's a photo. That you can stick anywhere. That's pretty cool, man. So when I lived in Japan, I took tons of them. I just have no hell of a clue where they are nowadays, but I have a punkura of my 7 year-old self on my cell phone. That's pretty tight. But ever since I moved to the U.S. I've been living a punkura-less life. I want to take another punkura... a real punkura in Japan. That's my dream.

Yah it is.

Oh yes, on a random note, Charisma Doll is drawing to an end. only 2 more chaps to go — goes to celebrate. So the question is, what will happen to Sara and SALA? Dun dun-duuuu

IF I SAID TO HIM, "KEEP MY PICTURES" I MEAN I'M NOT EVEN HIS GIRLFRIEND

Ehehehe
THE WEEKLY MAGAZINE CAME OUT TODAY, AND THE FRONT-PAGE WAS ABOUT...
SONG PRINCESS TSUBURAYA MEGU (1D) AND ACTOR MISUGI SHINYA (2D)'S SCANDAL.

"Lolita complex" I didn't know what this meant, so I searched it up, and it disturbed me to no end. But for those who are curious, it is basically a psychological desire for child pornography
"DOES MISUGI HAVE A LOLITA* COMPLEX? AND IS MEGU LYING ABOUT HER AGE?"
YOU BE CAREFUL, OK?
IT'S NOT THAT IMPORTANT FOR THOSE THAT AREN'T REALLY FAMOUS,
BUT FOR THOSE LIKE YOU AND MEGU, IT'S A SERIOUS IMAGE-DOWN.
IF YOUR REAL IDENTITY IS FOUND AND YOUR POPULARITY GOES DOWN, YOU WON'T BE ABLE TO WORK WITH HAYASE ANYMORE.
Tsuburaya Megu (Claims to be 1)
Real age is actually
15?!
EH ....?
BECAUSE ALL THE REQUESTS (FOR YOU TO GO ON ANY FAMOUS SHOW) WOULD STOP COMING.

I SEE, YAH, THAT'S TRUE.
HAYASE IS A TOP ARTIST.
SO I'M NOT WHERE HE IS
THEN, AFTER GRADUATION

CHATTER:

Hello all~ This is your translator dZ~

This is so random. I am procrastinating again and translating this chapter. Aren't you all so proud of me? I am putting off my math homework, my 3 history projects, and my biology homework for this. I'll get to them someday...

I wonder what I was going to say.

Hugs. Yes, hugs. I live in America, the land of huggers; tree-huggers, teddy bear-huggers, people-huggers. But I don't care if somebody hugs a plant or an imitation of an animal. What I care about is those people that hug other people. I do it too. Where I live, it's like greeting. It's like how the French kiss each other on the cheek to greet each other.

Well, hugs are great and all, but when I get those wimpy hugs, it's just like eh. It just kinda bugs me. Do you not like me or something? Or are you afraid to ruin your make-up and hair?

It's like a handshake. You can really tell if a person is confident or not by their handshake. They would squeeze your hand, not too hard, but not wimpy, either. And those people are the ones you end up admiring. But then there are those wimpy-ass handshakes. What the hell? Why? Why do they do that?

ALL YOUR SONGS WERE MADE INTO SINGLES, IT WAS THAT GOOD.
ESPECIALLY THE LAST SONG, MY SIS WAS CRYING.
BUT I WON'T LOSE TO YOU ON THE YEAR-LONG SALES CHART!

CHATTER:

Did you see SALA s costume on the previous page (pg. 110)? On her MINI calendar? I thought she was wearing a pumpkin costume. It s because of her shirt collar. I was like "squint squint" what le that?

But it turns out she s not a big round pumpkin. It s just a bad combination of hat and shirt.

That s all I had to say. I just had to get that out.

You know, I wonder how many people actually read this thing.

CHATTER:

One more chapter of Charisma Doll left. I shall miss it. I think. lol

My next project is supposed to be Max Lovely, but I wonder if there's anything else. I wonder if anybody's doing Nagatachou right now. I know there's somebody doing SaboHimi (I wish I could do it. I love that series!). I wonder if Cheebs has any other Haruta Nana mangas. I should ask.

I think we picked up Mermaid Melody Pichi Pichi Pitch from Manga Art. I'm not quite sure. That manga's so girly and pink it makes me wanna gag. But it's so addicting, too. I wanna read it! I'm going to steal the chapters from Cheebs. Somehow. lol

I love Hino Matsuri (wow that was so random). I love Wanted! and Vampire Knight and Haro wa Sakura. She's such a good artist. The art is so pretty. And Oda Aya is nice, too. So is Maki Youko and Nakajyo Hisaya (sp?). I loved HanaKimi, even though it dragged on for 23 volumes.

I wish I could draw as nice as them.

Guys. They grow up SO FAST. I remember my friend, when we were in middle school, he was so short. Friend C was like more then half a head shorter then me. And then last year of middle school he was only like an inch shorter. And every time I asked him, did you grow taller? He would say, did you shrink? (Those were good times xD)
For high school, we went to different schools. And then I saw Friend C yesterday, and it was just like, WHOA. He was around a HEAD TALLER. I was just like O O
I have another friend, who I'm going to call Friend M. In middle school, I had a class with him. He would always slouch, and so I thought I was taller then him (and I was proud of that, too). But then one day he straightened up and then I was shocked 'cause he was like 1 or 2 inches taller.
And guess what? Friend M is now 6'3"
